

How to use Freegal:

1. Logon to <https://sayrevillelibrary.freegalmusic.com>.
2. You will be asked to enter your library card # and PIN #
3. Use the search bars at the top of the screen to search for a particular song, genre, or artist. There is also a list of artists at the bottom of the screen.
4. After you conduct your search, you will be presented with a list of tracks. Each one will have a play button next to it to listen to a sample of the song. When you are ready to download a song, click on "Download now" (**IMPORTANT!** Each patron is allowed **THREE** downloads per week, starting at midnight every Sunday night. Once you click "Download now" you have used one of those three downloads, regardless of whether you cancel the download or not!
5. After downloading, click "Save" to save the song to your desktop. It is possible to transfer to an MP3 Player or Itunes. See the FAQ section for more information on this.
6. If a particular song has been downloaded by enough patrons in a given week, the "Download now" button will be replaced with an "Add to wishlist" button to make the song available for download once the new week begins at Midnight every Sunday Morning. See FAQ section for more information.
7. At the top of the screen, there is an indicator of how many downloads have been used during the week. Clicking on this will show any songs downloaded during the week and will allow the option to download them a second time if desired. Previously downloaded songs can be re downloaded up to two additional times!
